Caton Connector Corporation
26 Wapping Road
Kingston, Massachusetts 02364 USA

Subject: RoHS Directive 2011/65/EU (as amended by 2015/863) – Exclusion Statement

Products: All part numbers and products manufactured by Caton Connector Corporation.

Caton Connector Corporation manufactures products that are electrical/electronic in nature and operate at voltages exceeding 1,000 volts AC and/or 1,500 volts DC. In accordance with Article 2(4)(e) of the RoHS Directive 2011/65/EU, these products are excluded from the scope of the Directive due to their high operating voltage.

As such, the requirements concerning the restriction of hazardous substances under RoHS do not apply to these products, and Caton Connector Corporation is not legally obligated to comply with the Directive.

Voluntary Disclosure

Although not in scope of the Directive, Caton Connector Corporation provides the following information in good faith and for customer awareness only:

- To the best of our knowledge, and based on supplier-provided information, substances listed in the RoHS restricted substance list are not intentionally or knowingly used in the manufacture of the listed products.
- Caton Connector Corporation does not perform analytical testing for RoHS substances and makes no guarantees or certifications regarding RoHS compliance.
- Customers with specific regulatory requirements are encouraged to perform independent testing to verify compliance as needed.

The current list of restricted substances under RoHS can be found at:
